Kapsreiter Landbier

Brewed in strict accordance with the Bavarian Purity Law.
„Landbier“ is the premium product of this small Austrian brewery in a valuable handle catch bottle. It is a successful renaissance of a traditional beer-type: malty and aromatic yet light and hoppy. Only the finest ingredients are used in its production. Years of experience, constant quality checks and a time consuming brewing method guarantee the beer's unmistakable flavor.

Lagering Time: 66 days in a stone cellar

Alcohol Content: 5,3 % by volume

LANDBIER

Pronunciation guide for English-speakers:
"lunt-beer"

Definition:

Literally "country beer," Landbier is a general term denoting a simple everyday session or quaffing brew. As an easy-drinking beer, it is usually not too hoppy. Its other characteristics, however, are fairly undefined. A Landbier is usually golden-yellow, but it may also be dark; it may be filtered like a Pils or unfiltered like a Kellerbier, and its alcohol by volume level may range between 4.8% and 5.3%. For many breweries, the term Landbier has more to do with branding a particular line of beer than with brewing a beer according to a style definition.
